Two Rivers Mass Vaccination Including Educators

KEARNEY – Two Rivers Public Health Department has released additional information related to the upcoming vaccination clinic in Buffalo County. The clinic will feature the recently approved Janssen vaccine from Johnson & Johnson. The Janssen vaccine is a one-dose shot with similar health and safety measures as the previous vaccines which utilize two doses.

The clinic, led by Two Rivers Public Health is planned for Friday, March 5, 2021, at the Viaero Event Center in Kearney. Only those with confirmed appointments will be able to receive the vaccine. No walk-ins will be allowed. To register for the vaccine waiting list, please go to www.trphd.org. If you have already registered, there is no need to register again.

Those eligible to receive vaccine this week include those aged 65+, first responders, utility workers, and educators. Other clinics will be scheduled as allocations of vaccine are received, and Two Rivers will ensure residents of the district are notified when they are eligible for vaccine. To guarantee residents are contacted when it is time, they must be registered to receive a shot.

It is important to note that these vaccines will be administered by appointment only. If there would happen to be any extra doses available, those persons will be contacted by Two Rivers directly. No walk-ins will be honored.

ABOUT TWO RIVERS PUBLIC HEALTH DEPARTMENT

Two Rivers Public Health Department engages collaborative partners, community leaders and the public to promote healthy lifestyles, provide preventative education, assure environmental quality, and create more healthy and safe communities for all who live within the district.
